MURDERED BY ISRAEL

**Subhiya
al-Auf,
73 years old.**

Murdered on 16
May 2021

Since its creation in 1948, Israel has committed the most atrocious crimes on the Palestinian population. Murders and brutalities that extend far beyond October 7th.

As the world silently watches a systematic genocide, we will continue to raise our voices and our stories - of murder, mutilation, targeted attacks of civilians, and the grim reality of a ruthless and bloody apartheid.

Spread the truth. Change the narrative. Take a photo.

**Palestinians have every right to their land.
Palestinians have every right to resist.**
